## **ARI Announces RVT.com Integration with Its Endeavor RV Dealer Websites**

**Milwaukee, Wis., August 30, 2016** – ARI Network Services, Inc. (NASDAQ: [ARIS](#)) announced today that its Endeavor RV dealer website platform now integrates with [RVT.com](#), a leading Internet classified ads site for new and used RVs, travel and fifth wheel trailers, motor homes and campers.

“Current positive trends in RV consumer spending, coupled with our deep roots in the RV industry and lifestyle, have allowed us to create an online platform that connects RV dealers with consumers,” said Shawn Friesen, Sr. Vice President, RVT.com. “With this new integration, RV dealers in North America with an ARI-powered website will be able to seamlessly upload their current new and used inventory and reach millions of in-market shoppers on RVT.com.”

The integration allows RV dealers to post new and used inventory listings on the RVT.com marketplace directly from their ARI-powered website’s administration panel – saving time and increasing unit exposure, which drives more leads online and in-store. Using ARI’s rich product information, dealers can easily create the most complete and compelling listings on the marketplace.

“Managing new and used inventory can be a challenge for RV dealers, especially during peak season,” said Justin Di Vilio, ARI’s Director of Business Development - RV. “Third-party sales channels like RVT.com play an important role in helping dealers expand their online presence to reach a broader audience of RV consumer buyers to generate more qualified RV leads and in-store sales.”
